Minutes from 1-6-14 needs to be changed:

An order for 350 plates was ordered not 300 as stated. Change license plates can be sold to any NH state citizen as long as they have a currently registered vehicle in NH. for display purposes.

Vote to accept amended minutes by Dave Lucier, second: Bill Binder, Vote: passed

Bill Carpenter checked on calendars. There are 150 -175 left. We are in the black!! Bill Carpenter gave a budget out to members. It does not include the money for the license plates.

Bill Carpenter will speak to Nick re: display for merchandise sales in City Collections.

Bill Carpenter questioned if we start the Sept. 20th event at 10:00 or around there is there any way to organize the businesses to be involved and do their special sales for the day.

Do we have to send out special postings that the streets will be closed on Sept. 20? Dave Lucier feels that the CVA and Chamber can cover this. Bill Carpenter thinks that there is an ordinance to notify all of the PO's in town. Bill Carpenter would also like to see this event advertised in Soo-Nipi. Melissa Richmond suggested that we see about getting one of the light up signs to let people know that the streets will be closed. Bill Carpenter will be speaking to Guy Santegate about the traffic, street closings, etc. for the day.

Dave Lucier is concerned about fundraising. It is time to see about getting some sponsors. We need to get the letter so that businesses can be notified. Do we have sponsor levels? Can we do this as a City committee? Bill Carpenter will once again speak to Nancy Walter re: the letter.

Ernie Montenagro will be here two weeks. He will have a hand cut display of the sculpture.

Bill Carpenter said that we should be all about telling positive things about Claremont.
