

250th Minutes April 13, 2015

Visitor's Center

Approved 5/27/2015

The meeting was called to order at 4:30PM.

Present: Allison, Bill C., Nick, Denise, Bill B., Cindy, Melissa

Ernest Montenegro says that there has already been vandalism at the sculpture. Lights have been damaged. There is a question whether the cameras are working.

Ernie is going to find out what is available for plants from Home Depot. He is okay with leaving the maple which is near the sculpture. Lee Stevens suggested leaving the maple and the dogwood shrubs. Maybe we could plant some low-growing sumac. The pines should be removed in Lee's opinion. Granite posts can be used for summer/winter solstice and N/S.

Melissa arrived at 5:05.

Plans for a nature trail are going forward. Do we want to be involved with other work, such as the riverbank, etc.? The invasives should be taken care of before we start. Lee and the state "invasives guy" targeted certain invasives in the fall and they will check this spring. Lee wants to have his part done in the next couple of weeks.

Parking meters-what do we want to do with them? Crescent Street Close Shop will buy meters from us. We will sell them single meters for \$25.00 each for resale through their retail store.

Painted meters-We have ten stands done. They will be displayed until after alumni day. The auction could be on Sunday afternoon. We will continue the discussion. Maybe the auction could be at Bouteille.

Motion: To lower prices on the calendars to \$5.00, license plates to \$10.00, and the new shirts to \$10.00 for alumni weekend. Reunion classes can also buy items in advance at these prices.

Motion made by Melissa, seconded by Bill B. Denise abstained. Motion passed.

We plan to sell our items at Broad Street Park on alumni day.

The Hales- Bill C. will write a letter to them for payment for the Retro Ball tickets and \$2.50 for each print that they have sold. He will have Jane Taylor review it.

Governor Maggie Hassan's office is interested in attending the final dedication of the plaque.

Motion: To adjourn. Made by Denise, seconded by Bill B.. Motion passed.
