Melissa stated the Mary is accumulating a list of volunteers.

Melissa has received a couple of applications for the logo contest.

Has spoken to Rolling Thunder and the Tractor Club. Chris stated that perhaps he could meet with Rolling Thinder.

It was mentioned that perhaps the American Precision Museum in Windsor, Vt might be a source for us.

Idea to add: Claremont History Week.

Melissa: There will be an Art Walk. Plans to have art on display in area businesses.

The committee needs to investigate on costs to us around events. For example-costs for the police coverage, insurance? Perhaps an insurance company could donate insurance for the event a contribution from them. After several minutes of discussion, Chris, thought that perhaps the city's insurance would cover our events.

Bill reminded the committee that we are already planning on an event on the birthday.

Dave will make single sheets to be filled out for each event that we are planning. On this sheet will be the expected costs, needs, space, volunteers, etc. We will work on

these at the next meeting. Once we have this information, we go through each proposed activity and make a final decision on that activity.
