We will explore the possibility of having the painted meters and the remaining plate(s) signed by the governor at the Visitor's Center for people to see for three weeks prior to the close of on-line bidding as well as in-person bidding. On-line bids will close at noon on August 10th and in-person will close at 5:30PM on August 10th at our regular meeting.

We want to find out from Ernie how many hands are left and if he has plans for them. If not, we would like to have them back.
