

**Natural Resources Chapter Subcommittee
MEETING**

Wednesday, September 7, 2016 6:15 PM
CSB Community Center, 152 South Street, Claremont, NH

**MINUTES
Approved 9/15/2016**

Present: Dianne Harlow, Gary Dickerman, Steve Wood, Bruce Denis
Absent: Kim Gogan, Nicholas Koloski, Eileen Skowronski, Scott Magnuson

There were no minutes of the previous meeting to review.

The committee continued to work on the Forest Resources section and added the goal of becoming a "Tree City USA" again.

Maps that are needed for this section are of forest soils, location of each forested area covered in the Forest Management Plan, and the City Center.

A few minor changes were made to the Introduction.

The committee began work on the water resources section. A map of the Lake Hitchcock aquifer is needed as well as a definition of "watershed management". Public access to surface water should be linked to the Parks and Rec chapter.

The committee will meet again on Thursday, September 15th, 2016 at 5:00 PM in Council Chambers.

Respectfully submitted,

deForest Bearse
