How should I train for Reach the Peak? It is important to prepare yourself both mentally and physically for **Reach the Peak**. You should be in good physical condition, running regularly each week, running up hills. The event includes belly-crawling, wall-climbing, mud-slogging, monkey-bar traversing, huge slip n'slide, and more. Be prepared to be wet and dirty when you finish the race – and VERY tired.

Basic training for **Reach the Peak**. Walk or jog up the old lift line. Once at the top circle right and come down the ATV trail. Back at the bottom turn left and loop around the perimeter of the middle school fields then back to the lodge. Head back up the lift line to the top of main slope, take a left across the top of the main slope and climb the face. Once at the top circle left coming down the bow trail and heading down the tubing area. This will be "easier" than race day as you won't be going through the water pit twice, fighting through tires, climbing walls or carrying tires but it gives you a sense of the distance. Be aware that there may be tall grass in certain areas until race day, as parts of the course will not be mowed until the day before the race.
