

**PLEASANT STREET REVITALIZATION PROJECT**

**CONSTRUCTION UPDATE**

**May 26, 2022**

Construction update for 5/27/22 through 6/3/22

The City of Claremont's contractor, B.U.R Construction, will continue sidewalk construction on Pleasant Street. The Westside pedestrian sidewalk is almost complete, less the North and South end tie-in to the existing sidewalks. The Eastside pedestrian walk construction will continue with gravel placements and fine grading. Construction of the Westside furniture zone/planter areas will also begin. On Broad Street, sidewalk construction on the Westside will also continue.

There may be impacts to through traffic and the number of parking spaces available during working hours within the work zone on Pleasant Street. Utilizing the City of Claremont's public parking lots is encouraged.

With the continued construction on Broad Street in and around the intersection with Glidden Street, traffic through the area will be affected due to lane closures within the work area and slight delays should be expected.

**ALL BUSINESSES WILL REMAIN OPEN AND ACCESSIBLE DURING THE CONSTRUCTION ACTIVITY.**
