Good afternoon,

My name is Julia Kelly and I live on [REDACTED] Street here in Claremont and am reaching out today to show support for the Rethink Pleasant Street project. I grew up in Claremont and bought a house here 3 years ago as a “starter home” and I’m hopeful that you all will consider moving forward with this project/renovation to give us a downtown that we could utilize and enjoy with our small children. Please let me know if there is anything else I can do to show support for this project

Thank you,

Julia Kelly
